Arrows Up Appeals Anticompetitive Ruling As Business Operations Expand

HOUSTON – January 3, 2019 – Arrows Up, LLC has appealed the ruling in SandBox Logistics, LLC v. Arrows Up, LLC, No. 2016-03483 in the 334th Judicial District of Harris County. The company was the target of competition-stifling litigation by SandBox Logistics, a wholly-owned subsidiary of US Silica Holdings (NYSE-SLCA), and is seeking relief in the Texas Court of Appeals.

“We are convinced that this litigation is based on a contract that is an unenforceable restraint of trade. The action by SandBox and US Silica is and has always been about eliminating a competitor with a superior solution for the oil and gas industry,” said Kevin Shuba, CEO of Arrows Up managing affiliate OmniTRAX.

Arrows Up and its affiliate OmniTRAX Energy Solutions continue to expand their multi-basin operations and product innovations to meet their clients’ growing needs, including ShaleTECH Transportation, a [recently announced](#) joint venture that provides dramatic cost savings as part of a total sand transportation solution.

In addition to the Texas State Court appeal, Arrows Up continues its federal suit against SandBox to protect its first-in-time superior intellectual property rights.

About Arrows Up, LLC.

Arrows Up, LLC began by following a company’s request to create better products to serve the bulk storage and transportation industry. The management and operations teams of Arrows Up have over 65 years of combined experience in the packaging and logistics industry. Our mission is to create innovative, efficient and safer solutions for the bulk storage and transportation industries. This is accomplished through research, customer involvement and continued experimentation with materials, design and assembly concepts. More information is available at <http://www.arrowsupllc.com/>.

About OmniTRAX, Inc.

As one of North America’s largest private railroad and transportation management companies, OmniTRAX's core capabilities range from providing management services to railroad and port services and to intermodal and industrial switching operations. Through its affiliation with The Broe Group and its

portfolio of managed companies, OmniTRAX also has the unique capability of offering specialized industrial development and real estate solutions, both on and off the rail network managed by OmniTRAX. More information is available at www.omnitrax.com.
